## **IARR DAILY CREW REPORT**

Ft. Smith Module #1

### **MORALE OF CREWS:**

C-36 is getting acclimated to the new area and are excited to get started on their new assignment on the Soberanes Fire and C-37 is excited to be re-assigned to the Cedar fire. The three remaining crews at the Rey Fire are doing great work constructing contingency lines and have good crew cohesion and morale is good.

### **INJURIES:**

None, however several more crew members from the three remaining crews on the Rey fire are being treated at the med unit with itch cream and shots for rashes and irritation caused by poison oak.

### **MESSAGE:**

C-37 demobed from the Rey fire today. They departed at 1230 and arrived safely at the Cedar fire ICP at approximately 1800. The Cedar fire is approximately 3.5 hours to the northeast of the Rey fire. IARR Jackson is planning an overnight trip to the Cedar fire on Monday/Tuesday to make contact with IMT 1 (Minton), check in on C-37, and ensure they are lined out for their new assignment. IARR Jackson will then return to the Rey fire Tuesday evening for the 1800 briefing. As of this report, it is planned that IARR (T) Collins will make a second trip to the Cedar fire to make contact with C-37 on 9/2-9/3 to ensure demob plans are in place for C-37.
